FADE IN:

INT. HUW'S FLAT - DAY

GIL the goldfish swims inside his bowl; it's decorated with a green plant and a lighthouse.

ROLL TITLE

HUW the human's head rises up, and he looks into the bowl, smiling; his face distorted through the glass. He taps the bowl and waves at Gil.

He takes a box of fish food off the table the bowl is on and pours some into his hand. It's not quite right. He takes two pieces and puts them back in the box. He pours the food into the bowl and smiles with satisfaction.

As he turns to leave, a MYSTERIOUS GIRL in an orange dress walks past the window; Huw just missing her.

LATER

Huw is sat on the sofa in front of a coffee table decorated with a plant and a model lighthouse; larger versions of the ones in Gil's bowl.

Before him, a bowl, a box of cereal and a milk jug. He pours the cereal into the bowl. It's not quite right. He takes two pieces and puts them back in the box. He pauses in thought; something about this seems familiar...
